Notes: 1. The subsidy is not intended to cover the total cost of travel, but to assist with the cost. There is a limited amount of funding provided by ASCS for encouraging honours and postgraduate students to attend the conference, and we would like to share it around. Preference is given to those offering a paper.

2. It is a condition of applying for a subsidy that you are a member of ASCS (current student subscription: AUD\$25.00/NZD\$30.00 p.a.). You can either apply for membership using an application form obtainable from the ASCS website (see below), or an amount of \$25.00/\$30.00 can be subtracted from the travel subsidy (if your application is successful). In any case the subscription will be applied to the year 2011.
